Hi Bruce,

I received confirmation and Region 5 staff would like to have the meeting on October 12th starting at 9am and complete the meeting by mid-afternoon. There will be a party of 6 people attending the meeting from R5. Dean Maraldo, Ryan Bahr, Cheryl Burdett and myself from enforcement. Julianne Socha and Kevin Pierard will be there from NPDES. I'll get back to you if we have additions to the agenda. Thanks

Hi Bruce,

To minimize time away from the office I think the majority of the people that will be attending would like to start sooner and get everything done on the 12th. Hopefully I can confirm this by close of business today. Thanks

October 12 and 13 are fine with most but not all of the Illinois EPA staff. I'm hoping this will also work for Jane McBride and Tom Davis at the Attorney General's Office. To allow for your travel time, I suggest we start at 1pm in our office. If you would like to start sooner to see if we can get everything done on the 12th, let us know (please respond to "All"). Again, the agenda is at the bottom of this email and we are flexible about additions.

Please let me know how will be attending from region 5 and when you would prefer to start.

Hi Bruce,

While I'm reviewing the agenda, have you had a chance to check whether Oct. 12 and 13th works for IEPA Staff? Because our travel system will be down for the next several weeks, Region 5 personnel need to submit all TA's by the end of today for travel taken during October and mid-November. Thanks

I'll check with the other attendees and let you know. Please let me know if R5 staff wants to add to the agenda.

Hi Bruce,

How does October 12 - 13 in Springfield sound. We are interested in the mapping tool so if it's better to have the meeting in Springfield we could arrive @ noon on the 12th and met through the 13th. Thanks

Sounds like a good idea. I'm ok with Springfield or Pontiac. Let's think about dates in October. I'll ask Bruce for IEPA dates.

Subject: Illinois CAFO Program Meeting

=====

We recently crossed two important thresholds in the Illinois CAFO program: 1) with the exception of monthly (soon to be bi-monthly) status reports to Region 5 and quarterly conference call between Region 5, the Illinois Attorney General and us on enforcement cases, all deliverables under the Work Plan are now completed and have been sent to Region 5, and 2) we now appear to have reached agreement with Region 5 about the language in the proposed revisions to the Illinois livestock regulations under Subtitle E and can now proceed with rulemaking before the Illinois Pollution Control Board.

However, several problematic issues remain. A call or meeting with Region 5 staff on these issues would seem to be in order. I hope you concur. At the request of the AG's staff, I have included them in this email and offer the same invitation to the call or meeting. The draft agenda below is for all to review and comment. Let me know what you would like to add or subtract.

Draft Agenda

1. Deliverables from the Illinois CAFO Work Plan of 2/24/11 and Region 5 responses to those elements
 2. CAFO inventory
 3. Guidance on who needs a CAFO permit
 4. Next steps on applications currently in-house that might be withdrawn (+30 Maschoffs); criteria and decision making
 5. Possible topics for training this winter
 6. Schedule for proposed Subtitle E rule change
- Please let me know if you would be willing to meet/call and if this agenda needs to be amended. To the extent that we can do so, we would like to demonstrate the work Western Illinois University has done in setting up a mapping tool for use in the inventory work. This may only be possible with a meeting here or by using our computers with web access through our server, which would make a meeting in Pontiac possible, as we have done in the past. Just as a starting point, I suggest we look for a date in mid-October.
